

## **ADVANSOURCE BIOMATERIALS TO ATTEND 26th ANNUAL MD&M WEST EXPOSITION**

**Wilmington, MA. January 28, 2010...** AdvanSource Biomaterials Corporation (NYSE Amex: ASB), a leading developer of advanced polymer materials for a broad range of medical devices, today announced it will be exhibiting at the 26<sup>th</sup> Annual MD&M West Exposition being held at the Anaheim Convention Center in Anaheim, California, from February 9-11, 2010. The Company will continue promoting its expanding line of innovative biomaterials focused on the product development needs of the medical device community.

Khristine Carroll, AdvanSource's Senior Vice President of Commercial Operations, stated, "MD&M West is a key venue for informing medical device companies about AdvanSource Biomaterials' rapidly expanding line of polymer technologies and value-added services. Given our recent western sales expansion and the high concentration of medical device companies located within this region, we are looking forward to the opportunity to showcase our newest innovations to both current and targeted partner companies at this show. We continue to be encouraged with the progress of our commercial efforts as we execute on our business plan; and to the response we have received towards this end from the device community. We encourage medical device professionals and the investment community to sign-up for the Exhibit at [www.devicelink.com/expo/west10/](http://www.devicelink.com/expo/west10/) and meet with us at this event."

MD&M West is an MD&M event which brings together key contributors involved in investing, partnering, licensing, and developing business opportunities in the rapidly growing market for innovative healthcare products. Representatives of the Company's senior management and sales staff will be in attendance at booth 1710.

### **About AdvanSource Biomaterials Corporation**

AdvanSource Biomaterials Corporation manufactures advanced polymer materials which provide critical characteristics in the design and development of medical devices. The Company's biomaterials are used in devices that are designed for treating a broad range of anatomical sites and disease states. AdvanSource's business model leverages its proprietary materials science technology and manufacturing expertise in order to expand its product sales and royalty and license fee income. More information about AdvanSource is available at its website: [www.advbiomaterials.com](http://www.advbiomaterials.com).

### **Forward-Looking Statements**

AdvanSource believes that this press release contains forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are based on management's current expectations and are subject to risks and uncertainties that could cause results to differ materially from the forward-looking statements. For further information on such risks and uncertainties, you are encouraged to review AdvanSource's filings with the Securities and Exchange Commission, including its Annual Report on Form 10-K for the fiscal year ended March 31, 2009 and its Quarterly Reports on Form 10-Q for the quarters ended June 30, 2009 and September 30, 2009. AdvanSource

assumes no obligation to update any forward-looking statements as a result of new information or future events or developments, except as required by law.
